INFOPACK

YOUTH EXCHANGE BRAGA  
27TH MARCH – 3RD APRIL  
2020

*Embrace Your Abilities*

# ABOUT

In 2018, Braga was named the European City of Sport. This led us to question the extent to which sport is inclusive. It has become clear that inclusivity in sport is not a major concern for many people. Most sports that are available to the general public do not have an option to include mixed gender teams, participants with disabilities, or those from different socio-economic backgrounds, to name a few.

With the introduction of the sustainable development goals (SDGs) in 2015, it has never been more important to discover new ways to improve our health and wellbeing. It is widely accepted that an increased uptake of sport and physical activity is an effective way to improve health and wellbeing.

Many people are often excluded from participating in sport and, as a result, are unable to benefit from the incredible effects it can have on our health. It is important to promote equality and eradicate discrimination in the world of sport in order to allow everyone to participate.

# WHAT ARE THE OBJECTIVES OF THIS YOUTH EXCHANGE?

The 'Embrace Your Abilities' youth exchange aims to raise awareness of current discrimination issues that are present in sports. In addition, it aims to find methods which can be implemented to eradicate this discrimination.

The goal of this youth exchange is to promote dialogue and discussion in order to educate individuals on how to make sports and activities more inclusive for minority groups.

A platform for participants and their organisations will be created in order to build multi-cultural partnerships and to improve critical thinking skills and a sense of initiative.

Participants will be encouraged to actively engage with their local communities in order to make a lasting effect, to improve inclusion in sport, to enhance their personal skills and their intercultural awareness, to engage with Erasmus + projects and values and finally, to promote equality.

In order to achieve these objectives and promote more inclusivity in sport, 'Embrace Your Abilities' will highlight how hugely important it is to remove any barriers and discrimination issues in the world of sport.

# RED CROSS YOUTH

The Red Cross in Braga was created in 1870 and its mission has since then relied on the work of volunteers. Our mission is to improve the conditions of vulnerable people by mobilizing the power of humanity, while respecting our fundamental principles.

The Youth Division of PRC-Braga was first created in 2005 and has since then been working with young people from local communities in projects carried out in schools and other youth environments, as well as with less privileged children from the local community. We work mainly in four different areas of intervention: health education and health promotion; social inclusion and gender equality; international cooperation and education for development; and environmental education and sustainability. Our activities are developed making use of non-formal education methodologies. Moreover, one of the most important aspects of our work is the promotion of voluntary service among young people in order to encourage active citizenship.

# BRAGA

With over 2000 years of rich history, Braga possesses one of the oldest Sacro-Montes in Europe, namely Bom Jesus which is representative of the Minho region. In Braga, you can find the oldest Portuguese Cathedral and the Motherhouse of the Benedictines, the Monastery of Tibães (Mosteiro de Tibães).

The Sanctuary of Sameiro (Santuário do Sameiro), Bom Jesus and the Falperra, are surrounded by green spaces and beautiful landscape.

The Roman legacy is another attractive part of Braga's history. Braga is often called 'Portuguese Rome' due to its origin in the Roman city of Bracara Augusta. Braga is known for its distinct churches, splendid XVIII century houses, gardens, nature parks and recreational areas. Its long history is visible in the splendor of its monuments,, museums and churches.

Visiting Braga is like time travelling in the modern world. The old, traditional city submerges its visitors in its richness and majesty can be seen alongside the innovative and youthful culture, commerce, gastronomy, industry and public services.

# GETTING HERE

Travel expenses will be 100% reimbursed according to the maximum budget for travel costs for each country

## Porto - fastest route

When you arrive at Porto Airport, you can take “**Getbus**” to reach Braga easily and at low cost. The buses leave the Airport regularly. You can find the schedule and information about the bus stop on the link below:

<http://getbus.eu/index.php?seccao=2&lang=pt>

The easiest and most flexible way to get tickets for the Getbus is to buy them once you are on the bus, directly from the driver.

## Lisbon:

If you are arriving in Lisbon, in order to get to Braga, you can take the Rede Expressos bus. You can find the schedule on the link below:

<http://www.rede-expressos.pt/>

It would be wise to buy the tickets for Rede Expressos **online** (there's an app also available) so as to avoid queuing for a long time at the ticket office in the bus station (they may sell out of tickets because it will be holiday season and a lot of people will be travelling at that time).

To reach the bus station from Lisbon Airport you need to use the **metro**. In the airport, follow the signs guiding you to the Metro Station.

Use the **red line** until the end (“S. Sebastiao”). Then change to the **blue line**, direction “Amadora este” and get out at the stop, called “jardim Zoologico” (second stop). Follow the signs to the bus station called “Sete Rios”, which is next to the Jardim Zoologico (almost in the same station).

# TRAVEL BUDGET

**Greece** - 360€ per participant

**Italy** - 275€ per participant

**Lithuania** - 360€ per participant

**Portugal** - no budget
